

Biolan Pumping Package Technical Specs

Submersible Pump

Technical specifications	Submersible Pump
flow	130 l.p.m.
maximum head	5 m
power requirement	350 W
maximum submersing depth	7 m
hose connectors	25, 32 or 36 mm
IP rating	IP 68
weight	2,9 kg

Pumping Well

Technical specifications	Pumping Well
overall height	1450 mm
height of the tank	500 mm
diameter of the tank	650 mm
diameter of the riser	250 mm
capacity	150 l
inlet connector	75 mm, 110 mm
outlet connector, sedimentation well	75 mm, 110 mm
outlet connector, pressure sewer	32 mm
weight	about 15 kg
max. submersing depth	about 1400 mm
